### Announcements.

#### CONGRESS.

The friends of Rowland C. Burris beg to announce that he is a candidate for Congress in this district in 1902, subject to the action of the Republican party. He believes that a mountain man is as good as any one.

Large quantities of timber, principally poplar, and oak, go out of the Big Sandy river to market on every day, just the same as it has for two-score years. The supply seems to be inexhaustible.

Big Sandy has always made an open fight for the appropriations needed for the improvement of the river, feeling assured of the merits of her claims. Many other rivers have secured much more money through wire-pulling alone.

Reports received by the Agricultural Department indicate that the corn crop of 1901 was the smallest, with one exception, in twenty years. The wheat crop was one of the largest ever grown, but the oat production was below the average.

It is impossible just at this time to give the exact status of the re-districting bills in the Kentucky Legislature. There have been so many changes from time to time, and such uncertainty as to the fate, that we can only wait for the end of the session to know what has been done.

Representative William H. Moody, of the Sixth Massachusetts district, will join the Cabinet of President Roosevelt May 1, as successor to Secretary of the Navy Long. The latter yesterday handed his resignation to the President thus carrying into effect an intention formed several months ago.

Representative Landon Lawson, of Pike county, ranks high in the Kentucky House of Representatives. He attends strictly to business and keeps well posted on what is going on, giving intelligent consideration to every bill presented. He commands respect and has considerable influence. Pike county made no mistake in sending him to the Legislature.

The improvement of the Big Sandy river is of vast importance to the manufacturing interests of the entire Ohio and Mississippi valley lying below the mouth of the Big Sandy river. This means that it is a vital matter to millions of people and millions of capital. This field would furnish the stoutest, cheapest and most abundant coal supply that great section has ever had.

A bulletin issued by the Census Bureau on sawmills, planing mills and timber camps in the United States shows the State of Kentucky to have ranked sixth in this respect, with 1,250 establishments capitalized at \$9,905,404. The number of proprietors and firm members were 1,699. Number of clerks 337; salaries, \$258,910. Total average number, 7,549; wages, \$2,477,693. Cost of materials used, \$7,379,143. Value of product, \$12,714,011.

One of the ablest and most influential men in the Kentucky Senate is Senator Hyron, of Bracken county. He is the originator of some of the most important measures presented at the present session of the Legislature, and a strong champion of others. In debate he has proved himself to be ready and strong. He is remembered here by all who heard him make a very able speech about two years ago, and they are pleased to note that he is winning laurels at Frankfort.

### HEALTH INSURANCE

The man who insures his life is wise for his family.

The man who insures his health is wise both for his family and himself.

You may insure health by guarding it. It is worth guarding.

At the first attack of disease, which generally approaches through the LIVER and manifests itself in innumerable ways

**Tutt's Pills**  
And save your health.

The Kentucky Legislature will adjourn next Tuesday, the session expiring on that day by constitutional limitation.

To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Ely's Liquid Cream Balm. Price including the spraying tube is 50c. Druggists or by mail. The liquid embodies the medicinal properties of the solid preparation. Cream Balm is quickly absorbed by the membrane and does not dry up the secretions but changes them to a natural and healthy character. Ely Bros., 56 Warren St. N. Y.

### Scored the Witnesses.

A dispatch from Frankfort to the Courier-Journal says:

The sequel to the trial against Wilson, of Lawrence county, charged with violation of the revenue law in the Federal Court was an order from Judge Cochran dismissing the prosecution against Wilson. He also directed that three witnesses summoned for the prosecution be sent home without the allowance of witness fees or mileage. Wilson, it developed, is a half idiot, and an investigation of the case convinced District Attorney Tinsley that the three prosecuting witnesses had conspired together and instigated a case against him in order to defame the Government of perjury and mileage. When the case was called the District Attorney made a statement of the facts to the court and after a scathing arraignment of the parties to the attempted fraud moved a dismissal of the indictment.

"Let the indictment be dismissed," said Judge Cochran, "and let these witnesses pay their own way home. They are not entitled to either witness fees or mileage and the Marshal is directed to withhold the same."

**\$100 REWARD \$100**  
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and curing the patient strongly by building the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers that they offer the hundred dollar refund if it fails to cure. Send for list of testimonials.

Address: F. J. CHEENEY & CO., Toledo, Ohio. Sold by Druggists. 75c. Hall's Family Pills are the best.

## Just Across the River in West Virginia.

The minors of Richard Adkins Huntington, have been granted a pension of \$16.

The Ceredo Advance says: "We have been reliably informed that the Norfolk & Western railway offices, which were moved to Portsmouth, Ohio, several weeks ago, will be returned to Roanoke in short time. This includes the office of Superintendent Connor and about seventeen subordinates."

Ike Handley, an employee of the Mutual Telephone Company, had the misfortune today to swallow a double pointed tack which lodged far down the throat. After an unsuccessful effort to remove the obstruction by a number of physicians, Handley was taken to the X Ray machine owned by Dr. Baker. The tack was located and with considerable difficulty removed.—Huntington Advertiser.

John Shockey, of Clements, Barbour county, is one of the surviving members of a remarkable family. He is over 100 years old, and has fifteen children, ninety-seven grandchildren and one great-grandchild. His father died at the advanced age of 107 years, a brother and a sister each lived to be 96 years old. The longevity of the Shockey family can hardly be duplicated anywhere.—Lincoln (W. Va.) News.

Mr. Henry M. Kinsing, who for a number of years has been superintendent of the Wheel Foundry at the plant of the Ensign Works in this city, later the American Car and Foundry Company, has tendered his resignation and left yesterday for southern Georgia where he has accepted a very responsible position of General Superintendent of the Ensign, Ocean Lumber Company, one of the largest lumber concerns in that section of the state.—Huntington Advertiser.

The Huntington Herald of Saturday gives an account of a cutting scrape which occurred Friday night. John Han, Sr., and Roy Lombard became involved in a dispute about money matters. Lombard dealt Han a blow and the two agreed to go some place where they would make no disturbance and fight it out.

They met near the new court house and Han used his knife on Lombard, inflicting some severe, but not dangerous wounds. They were separated. Han was placed under \$1,000 bond.

Huntington, W. Va., March 11.—A man giving his name as B. N. Ferguson and his home at Iron Gate, Va., was taken from a C. & O. train here last night, as his actions indicated insanity. He was placed in the city jail. Today, after being given a meal he received a spoon in his cell. Breaking the handle from the spoon, he severed the arteries in his left wrist, and then drove the spoon handle through his foot with a poker. The man was rapidly bleeding to death when physicians reached him. He may recover. He is of good appearance, and from papers found on his person is an Old Fellow. The local lodge of Old Fellows is endeavoring to locate his people. Ferguson imagines that he is being pursued by enemies. He is now in a padded cell.

At a late hour Monday night Mrs. Fred Goulding, of Davis, shot and killed her husband and then fired a bullet through her own heart. The shooting occurred at the Goulding home, on the outskirts of the town and was witnessed by their two little children and a servant girl.

The terrible tragedy was the ending of a very unhappy five years of wedded life. Goulding came home last night intoxicated and his wife immediately passed into her bedchamber, picked up a revolver and resting the weapon against the door facing, fired three shots at her husband, every one of which took effect. She then kissed her little ones goodbye and a moment later shot herself. Goulding was the foreman of a lumber yard for the Davis Casket Lumber Company.

### PNEUMONIA AND LAGRIE.

Congris cured quickly by Ely's Honey and Tar. Refuse substitutes. A. M. Hughes.

### FALLSBURG.

Widow Bernard has moved back from Greenup, after staying one year.

er, one of the gates of Big Sandy  
lock No. 3, at this place, was car-  
ried away and has not yet been  
recovered.

# DEATH'S HARVEST.

## Another Long List of Victims Gathered by the Grim Reaper.

Universal sorrow was caused  
throughout this region by the news  
of the sudden death of Rev. George  
Justice, which occurred last Sun-  
day at his home at Princess, Boyd  
county, to which place he had  
moved only a short time ago. His  
death was caused by rheumatism  
of the heart, which attacked him  
only a few hours before. Recently  
he had sold his place on East Fork,  
near the Louisa county line, and  
bought property at Princess, where  
he intended to engage in the mer-  
cantile business.

The Ashland Daily Independent  
gives the following particulars:

In his death Boyd county loses  
one of her most prominent minis-  
ters, and a faithful man. He was  
about 39 years of age and leaves a  
wife and six children. His wife  
was a Miss Ross, daughter of the  
late Judge Jack Ross, and a sister  
of George, Buck, Joe, Will, John  
and Taylor Ross, all prominent  
farmers and stock men of this county.

Rev. Mr. Justice was counted  
one of Kentucky's most brilliant  
young Baptist ministers, and it  
will be remembered that a few  
years ago he was the Democratic  
nominée for the Legislature de-  
feated by a small majority by Rev.  
J. H. Stunglin.

He might be said to be one of  
the best known and most popular  
men in the Sandy Valley.

By a singular coincidence it  
seems, just a week ago last Friday  
he was called upon to preach the  
funeral of his friend and former  
neighbor, Dr. Sparks, at Denton.  
He chose for his text the latter part  
of the 14th verse of the 29th chap-  
ter of 1st Samuel: "There is but a  
step between me and death." It seems  
that was his last work and the  
words seemed most fitting in his  
case.

Twice the work of an eye it is  
the sight of death.

The remains were taken to Bolts  
Fork and buried at the Ross  
graveyard. The funeral services  
were conducted by Rev. Willis  
Pierce, pastor of the First Baptist  
church at Catlettsburg.

James R. Cudde, the 11-year-old  
son of James H. Cudde, died Sun-  
day at Russell, Ky., and the body  
was brought back to his old home  
at Little Blaine, this county, for  
burial. Mr. Cudde moved down  
there several months ago, where  
he has employment. The loss of  
this promising son is deeply felt by  
him.

George Spears died at Catletts-  
burg Sunday of cancer of the liver,  
from which he had been suffering  
for some time. He was 55 years  
old, and was a resident of Louisa  
for a number of years, having been  
connected with the Louisa Flour  
mill when Capt. Fosse was oper-  
ating it. He was also a steam-  
boatman and was known all along  
the river. His body was taken to  
Haver, Johnson county, for burial.  
This was his old home.

Mr. Frank Moss died at Peach  
orchard last Sunday. She was a  
daughter of Mr. Simon Bartlett, of  
Georgetown. She leaves a hus-  
band and three children. She was a  
good woman and her death is a  
great blow to her family and a  
loss to all of whom the sympathy  
of the community goes out.

The eleven-year-old son of Dr.  
and Mrs. C. C. Cudde, died Sunday  
of the mumps and typhoid fever.  
The little fellow suffered terribly  
and it is said that only death could  
give him relief.

Sammy, the 18-year-old son of  
Harrison Artrip, living about three  
miles from Cassville, died Friday  
night of last week.

The little three-year-old daugh-  
ter of Fred Picklesimer, of Rus-  
sell county, died last Tuesday.

To the House Cleaners.

The Louisa Furniture Co. just  
received 5,000 rolls of wall paper.  
Come and look at our samples.  
They are new, and the prices are  
right. No old stock.

Bodies Not Found.

The bodies of Louis Schmitt and  
Frank Tyree, who were drowned  
near Pikeville two weeks ago, have  
not been found. A search has been  
kept up continuously to the best  
advantage possible, though the  
weather and stage of water have  
been unfavorable ever since the  
terrible accident. It is said that  
rewards aggregating \$500 are now  
outstanding for the recovery of the  
two bodies.

Two brothers of Mr. Schmitt  
were in Louisa Wednesday from  
up Sandy. They went on to Port-  
smouth. The father of Mr. Tyree  
is now up the river assisting in the  
search.

ber is passing down Big Sandy.

Geo. Castle and family of Three  
Mile have moved to Bingsess, W. Va.

L. F. Frazier has moved his fam-  
ily back from Ceredo to Cassville.

The handsome residence of Dr.  
W. H. McClure, at Lexington, was  
burned last week.

We are glad to learn that P. H.  
Loar is steadily regaining his  
health at Asheville, N. C.

Conde Jobe has been appointed  
postmaster at Osle, this county, to  
succeed H. Adams who resigned.

Harry Wellman has resigned  
his place in the depot at this place  
and gone to Ashland, where he has  
a place in the Express office.

Dr. M. G. Watson has purchased  
the interest of W. M. Salsbery  
in sixteen houses and lots own-  
ed by him and Mr. Will Watson in  
Ashland.

Jas. Fugate has moved in from  
Haines and will occupy the house  
on Lock Avenue in which Mordecai  
Evans lives. Mr. Evans will move  
to Ashland.

The Louisa Furniture Company  
can, and will, save you money on  
cook stoves, furniture, carpets, mat-  
tresses, trunks &c. Come and ex-  
amine our new stock of goods.

Representative Kehoe has intro-  
duced a bill providing for the pay-  
ment of funeral expenses, not in  
excess of \$100, of veterans of the  
Civil War who do not defray such  
expenses.

The W. C. T. U. will hold their  
regular monthly business meeting  
at the residence of Mrs. F. T. D.  
Wallace Saturday at 2:30 p. m.  
Members are urged to be present.

A telegram from Ironton Tues-  
day brought the news of the death  
of Miss Jessie McElwain, a sister  
of Mrs. A. S. Waller. Mr. Waller  
and family left for that place on  
the afternoon train. She was only  
12 years of age and died of con-  
sumption.

Engineer E. T. Finn, who is look-  
ing after the contractor's work of  
filling the trestles on the Big San-  
dy division, passed down Monday  
with a number of his employees  
and went to Huntington to as-  
sist in making repairs on their  
steam shovel, which is in the shop  
there.

Roland Burns Horton celebrated  
his ninth birthday Monday even-  
ing with a party, in which a num-  
ber of his little friends partici-  
pated with much pleasure. That they  
all led a good time was shown by  
the hilarious manner in which they  
conducted themselves throughout  
the evening. Mr. Burns and fam-  
ily know how to help the children  
enjoy themselves.

The brass band recently organ-  
ized here by the Junior Order of  
American Mechanics made its first  
appearance on our streets Monday  
evening. The music was well re-  
ceived and showed that the young  
men are devoting themselves to  
work and that they will give to  
Louisa a band of which her people  
may justly feel proud.

Little Rock, Ark., March 6.—The  
man arrested in Little Rock several  
weeks ago as Frank Dunne,  
the Birmingham condemned mur-  
derer, was fully identified today  
as H. K. Emmett, who is wanted  
by the Federal authorities for robbing  
the postoffice at Louisa, Ky. He  
admitted his identity and was

It has been reported that a large  
sum of money was on the person  
of Frank Tyree when drowned.  
That we have it from Mr. Tim  
Fields, of the firm of Crump &  
Fields, for whom the deceased  
traveled, that Mr. Tyree had made  
a remittance and all the money on  
his person would be his expense  
money which would not amount to  
more than \$20 or \$25, at the most.

M. B. Goble, one of Catlettsburg's  
prominent timber men, and a former  
citizen of Louisa, is critically ill  
at his home with heart trouble.  
He was stricken last Friday and  
it was thought at first that he could  
live but a short time. His condi-  
tion shows some improvement, and  
his family have strong hopes of  
seeing him able to get around  
again. He is 61 years of age, and  
during the last year or two the  
burden of years has been telling  
upon him very perceptibly.

The passenger service on the Big  
Sandy river is giving the best of  
satisfaction. The train coming  
down in the morning is now carry-  
ing many passengers from points  
beyond the railroad. Three promi-  
nent business men of Protons-  
burg who were on the train this  
week said the people of the upper  
valley are delighted with the pres-  
ent service. The connections are  
sure, and as good as can be made.  
They said that when steamboats  
could not run they would drive  
from Pikeville to Whitewater in a  
day and take the train next morn-  
ing in preference to driving across  
to the Norfolk & Western, as they  
now do.

Laban Griffith has moved his  
family from the mouth of Hood to  
Louisa and occupies the house on  
Lock Avenue, recently vacated by  
Rev. H. H. Sneed.

The body of the wife of Estell  
Thomas, drowned in the late fresh-  
et in Dry Fork of Tug river near  
Davis, was recovered Thursday al-  
most a mile below the place where  
the small structure in which she  
made her home, was washed away.  
The body was lodged in the forks  
of a tree standing near the shore of  
the stream. It was removed to  
Davis and the interment took place  
Friday.

Charles Adams, son of N. P.  
Adams, of Salersville, died at  
Central Hotel, Carey, Morgan  
county, last Tuesday, of pneumo-  
nia. He was principal of the Canby  
High School, and a graduate of the  
A. M. College of Lexington. He  
was twenty-one years of age and  
one of the most promising young  
men of the mountains. He was a  
brother of traveling salesman E.  
M. Adams, and Win Adams, book-  
keeper in the Catlettsburg Nation-  
al Bank.

The burial took place at Salers-  
ville Wednesday.

A Greenup special to the Port-  
smouth Blade says:

The United States Government  
will make a test of the McKim-  
er all log catchers, some time in this  
month. This invention takes the  
load no matter how fast the train  
is going and deposits the outgoing  
load on the same crane. Private  
tests have proven this invention a  
great success and it only needs the  
proof and endorsement of Uncle Sam  
to make a fortune for the genius  
that invented it. Rev. L. F. J. Mc-  
Kimer. The test will likely be  
made on the Lexington division of  
the C. & O. railway.

The Appellate Court has reversed  
a judgment of the Carter Circuit  
Court in the damage case of the  
Chesapeake & Ohio Railroad Com-  
pany, against J. H. Salsbery. The  
judgment awarded the railroad com-  
pany \$5,000 for the loss of a horse  
and a dog, which had been ejected  
from a train. The railroad company  
asked for a preliminary injunction  
to prevent the plaintiff from taking  
any further action. The court re-  
fused to grant the injunction, and  
the case will be tried on the merits.  
The court says that the plaintiff  
has not shown that the horse and  
dog were injured by the railroad's  
conduct.
